

TREATED MILEX TRIMBOARDS

IMPREGNATED MILEX TRIM BOARDS

Milex® Radiata Pine Treated Trimboards are manufactured based on a finger-joint system, free of defects, excellent aesthetic quality, tremendous mechanical and physical resistance, and moisture resistance. The Trimboards are finished with two layers of exterior latex primer that are applied in vacuum chambers, giving each board the highest aesthetic quality available. In addition, the panels come with a impregnation treatment (Tebuconazole, propiconazole and permethrin from Koppers company) that provides excellent durability and high resistance to outdoor environments.

Milex® Radiata Pine Treated Trimboards are offered in different sizes in thickness, width, and length to meet your needs and those of your customers.

GENERAL SPECIFICATION

SIZE (NOMINAL)	REAL	LENGTH (FEET)	SIZE (NOMINAL)	REAL	LENGTH (FEET)

1" x 12"	23/32 x 11 1/2	12' & 16'	5/4" x 12"	1 1/8 x 11 1/4	12' & 16'

SUSTAINABILITY

At CMPC, we believe in the real application of the principle of Sustainable Development. We try to harmonize the development of our productive activities with the legitimate right of future generations to live in an environment that is suitable for their health and well-being. In order to achieve this goal, it's essential to harmonize three central elements; economic growth, social inclusion and environmental protection. These elements are interconnected and all fundamental to the well-being of individuals and society.

All of CMPC operations respond to the highest standards of forest management, which are certified by FSC® and CERTFOR-PEFC™ to guarantee the protection of the native forest and biodiversity, thus ensuring harmonious operations in the economic, social, and environmental sectors.

MILEX TREATED BOARD 30 YEARS WARRANTY

Thank you for selecting MILEX manufactured and engineered wood products with PROTIM® Plus preservative protection for your new home, extension, or renovation. Timber and wood products from sustainably managed forest resources are a cost-effective, flexible, and environmentally responsible choice for your building projects. With the built-in durability of PROTIM® Plus protection, your MILEX exterior siding, trim, and building products are protected from insect attack and fungal decay.

PROTIM® is a registered wood preservative manufactured by KOPPER in Chile. Leading manufacturers of finger jointed and engineered wood products in Chile use this wood preservative system to provide long-term protection against rot and insect attack. PROTIM® Plus treated MILEX products used in the USA and Canada to be resistant against insect attack and fungal decay (rot) for the lifetime of the first residential owner of the property where the product is installed. Any conforming and correctly installed PROTIM® Plus treated MILEX products that become structurally or functionally unserviceable due to insect attack or fungal decay within the specified warranty period will be replaced subject to the terms and conditions detailed in this form.

This 30 years warranty is underwritten by Koppers Performance Chemicals Chile and is provided free of charge to purchasers or owners of PROTIM® Plus treated MILEX products. The terms of the Limited Warranty will be adhered to by Koppers Performance Chemicals Chile, providing that the MILEX products conforming to relevant standards are correctly installed in accordance with the MILEX handling and installation guide and as detailed in this document (see eligibility conditions and exclusions overleaf).

This 30 Years Warranty is independent of any other warranties and legal rights which you, as the purchaser or owner, may have with MILEX, the distributor, Koppers Performance Chemicals Chile, the reseller or the installer of the MILEX products. This Limited Warranty does not limit or modify any other rights that you have under law.

THIS 30 YEARS WARRANTY SPECIFICALLY EXCLUDES THE FOLLOWING CLAIMS:

- Any claims on MILEX products from subsequent residential owners of the property where the products are installed.
- Labour and any other incidental costs associated with replacing any MILEX products claimed under this limited warranty.
- Deterioration of or damage to PROTIM® Plus treated MILEX products due to any other cause apart from insect attack or fungal decay.
- Any minor or aesthetic deterioration that does not significantly affect the functional capacity of the products, such as paint peeling, surface mold, or discoloration.
- Deterioration or faults due to inherent physical properties of the wood such as shrinking, swelling, warping, twisting, or resin bleed.
- Any damage to PROTIM® Plus treated MILEX products were used at a higher user category level than as specified (UC3A).
- Any damage to PROTIM® Plus treated MILEX products not installed in compliance with the MILEX handling and installation guide or in contravention of local building approvals and appropriate building standards.
- Any other costs, damages, injury compensation, or consequential losses to other property, the purchaser, or any third party howsoever caused as a result of using the products (except where such liabilities cannot be excluded or limited by law).

MILEX and our partner suppliers reserve the right of site inspection and verification of any claims made under this guarantee. Arch shall be entitled to reject any claim in whole or in part if any of these terms and conditions are not met in whole or in part.
