

CROWN MOULDINGS

OVERVIEW

Our mouldings, made out of finger jointed Radiata Pine, are an extraordinarily versatile product providing exceptional dimensional stability. Each moulding is precision milled for superior quality and high performance.

GENERAL CHARACTERISTICS

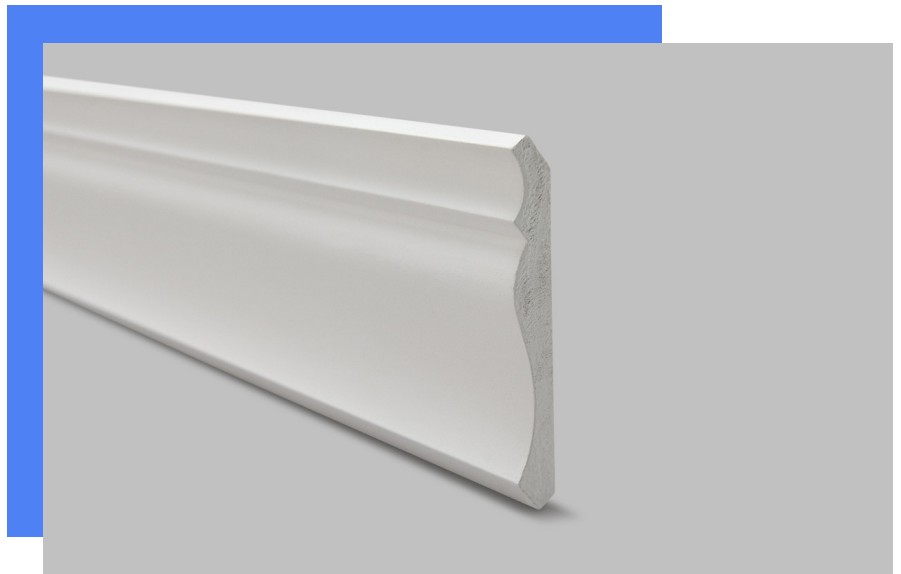

- In house applied 100% water-based acrylic primer with a broad range of compatibility to solvent-based oil and water-based products.
- Available in a wide variety of finishes and custom profiles.
- Primer and Gesso coating available.

Most common profiles:

- LWM 49
- WM 49
- WM 51
- WM 45
- WM 48

Applications:

- Trimming of walls and ceiling surrounds.
- Coffered ceilings.

ENVIRONMENTALLY RESPONSIBLE PRODUCT

- Made from wood grown in sustainably-managed plantation forests.
- Effective quality control throughout the whole process.

PRIMER

- Water-based latex primer suitable for interior and exterior use.

FINISHES

- Raw, single-prime, double-prime, or triple-prime.
- Matte or shiny finishes available.

CMPC products come from our own radiata pine plantations, carefully cultivated to produce the highest quality wood and certified by responsible forest management by FSC® and PEFC.
